**Service**  
**PLEX**<sup>®</sup>

from **Service Wire Co.**

*Why parallel when you could plex?*

**Pull ahead on projects with prefab twisted singles.**

Twisted single conductors are ***significantly*** **easier to install**—whether pulled in conduit, laid in tray, or buried directly. Any combination of Service Wire singles can be “plexed” with made-to-order phase ID, built-in ground, and fast delivery direct to the jobsite.

*See for yourself. Get your next order of single conductors **factory twisted—for free.***
